PANDA

Airbox Aerospace has developed PANDA (Mission Planning Awareness & Documents App) as a geospatial tool for military and professional users. This is available as a trial to select individuals.

By downloading and running PANDA you agree to the following:

- Not to redistribute the download link or any part of the PANDA software.
- To only install PANDA on a device which you have direct control over.
- To delete the app and all its contents if requested to do so by Airbox staff.
- To inform Airbox if a device on which PANDA is installed is stolen or compromised in any way.
- To update PANDA promptly if requested.
- Some elements of PANDA are experimental, as such, you use PANDA entirely at your own risk.

Unless otherwise agreed any download of PANDA is limited to 90 days, this period will run from the first install of PANDA.
